

The pure COTTON FEELING

100% cotton – 100% pleasant!

Cotton is still the most popular material in textile fabrics and threads. Many patients with sensitive skin like to wear 100% cotton on their legs and at the same time they want to look «natural».

Cotton compression stockings are ideal for patients with primary or advanced varicose veins who have sensitive skin and who like natural wearing comfort.

100% cotton

for natural wearing comfort.

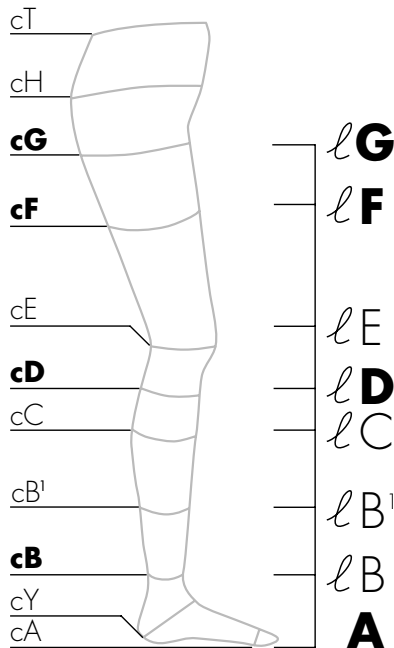

Perfect fit

ideal for active people.

Cotton

also available for men.

SIGVARIS

The pure cotton feeling.
100% cotton on your
skin.

200

COTTON QUALITY

Medical compression
stockings and pantyhose

The SIGVARIS 200 Cotton Quality is perceptibly fine, soft and elastic. COTTON-QUALITY represents increased comfort and optimal fit. There is a correct stocking for practically every leg, with guaranteed excellent durability, medically correct compression and the correct graduation of the pressure in compression classes 1, 2 and 3.

Our products are characterized by double covered threads, very elastic ribbing and a well-balanced mixture of cotton and multifilament threads. The materials are natural, the stocking breathes and the entire product range meets Eco-Tex Standard 100. One hundred percent cotton material on the skin provides a pleasant environment for the leg. Multifilament threads on the outside make the stocking perceptibly softer to the touch. Significantly easier to put on and take off, the SIGVARIS Cotton Quality makes compression therapy simpler and more comfortable, making it possible for wearers of SIGVARIS compression stockings to stand on healthy legs. The right stocking for practically every leg, from the calf stocking to the pantyhose, is easy to find among the comprehensive range of close-to-nature products and a simple system of sizes proven worldwide.

**SIGVARIS
211/212 A-D
Calf stocking with
closed toe**

Calf stocking in compression classes 1 and 2, available in three foot sizes and in shades navy blue 10, anthracite 12, crispera 66 and black 99. A stocking for every day that provides sporty, elegant compression therapy and prevents venous disorders. For men and women.

**SIGVARIS
221/222/223 A-D
Calf stocking with
open and NEW also
with closed toe**

Calf stocking in compression classes 1, 2 and 3. Like all SIGVARIS stockings, it is characterized by soft foot and calf borders and a small, reinforced heel with border. Models «open toe» are available in color nature 76, models «closed toe» in color nature 76 and black 99.

SIGVARIS 222
A-F Half-thigh
with open toe

Halfthigh in compression class 2. Like all the stockings in the entire COTTON-QUALITY, it is very easy to put on and take off.

SIGVARIS 222
A-F Half-thigh with
grip-top and open toe

Half-thigh with grip-top in compression class 2. The comfortable neutral grip-top with silicone dots is suitable for men and women and ensures optimum leg adhesion.

SIGVARIS 222
A-G Thigh stocking
without grip-top.
Available with open
and NEW also with
closed toe

Thigh stocking in compression class 2. All SIGVARIS Cotton models, from halfthigh to maternity panty, are also suitable for heavier upper thighs. Models «open toe» are available in color nature 76, models «closed toe» in color nature 76 and black 99.

SIGVARIS 222/223

A-G Thigh stocking with grip-top. Available with open and NEW also with closed toe

Thigh stocking with grip-top, in compression class 2 and 3. The comfortable neutral grip-top with silicone dots is suitable for men and women and ensures optimum leg adhesion. Models «open toe» are available in color nature 76, models «closed toe» in color nature 76 and black 99.

SIGVARIS 222

A-G Thigh stocking with waist attachment. Available with open and NEW also with closed toe

In compression class 2. The thigh stocking with waist attachment may be worn in pairs or individually. Together with an optimal crotch line, the soft, elastic rubber provides a perfect, comfortable fit. The waist attachment is adjustable. Models «open toe» are available in color nature 76, models «closed toe» in color nature 76 and black 99.

SIGVARIS 222

A-T Pantyhose and maternity pantyhose. Available with open and NEW also with closed toe

The body section is very elastic, lightly shaping and air permeable. With elastic band for individual adjustment. The anatomically correct cut (narrow gusset, rear panty portion higher) provides an ideal fit. The maternity panty for expectant mothers, with its great elasticity and volume coverage (soft knitted fabric) can be worn until delivery. Models «open toe» are available in color nature 76, models «closed toe» in color nature 76 and black 99.
